

My name is Ali Abdulaziz

Agronomist in Animal production

What I'm working with today?

Project assistant at the Hushållningssällskapet Väst

Social communicator in Somali and Arabic language in Vänersborg Municipality

My first visit to the Swedish rural 2011

Green integration

The goal of the Green integration.....

- Is that rural areas will benefit from the immigrant knowledge, experience and interests.
- Hushållningssällskapet wish to make it possible for immigrants to work and run businesses in rural areas.
- Rural areas can offer opportunities not available in the city. Several immigrants arrive in Sweden with knowledge of farming, animal husbandry or food processing.
- In rural areas there are also job in other fields such as energy, engineering, healthcare and economy

Education in forest

Chainsaw and brush saw

Education in forest

The first day both groups sat separately

How many participants get job and internship after the course?
